世界的大兴

DAXING OF THE WORLD

世界向东 北京向南

“世界向东”的全球经济格局已成趋势，中国经济高质量发展彰显磅礴力量。
“北京向南”，大兴区作为链接全球的高端产业枢纽，首都对外开放的前沿阵地，被赋予“三区一门户”功能定位。
“新国门·新大兴”，首都南部发展新高地，国家发展新的动力源。
新时代·新机遇，一座活力之城、科技之城、生态之城、宜居之城正大兴于未来。
风生水起在大兴。

WORLD DEVELOPMENT SHIFTS TOWARDS THE EAST BEIJING DEVELOPMENT SHIFTS TOWARDS THE SOUTH

The global economic landscape that "World Development Shifts Towards the East" has become a trend, and the high-quality development of China's economy shows its mighty power.
"Beijing Development Shifts Towards the South" Daxing District, as a high-end industrial hub linking the whole world and the frontier of the capital's opening to the outside world, has been given the functional orientation of "the Demonstration Area for the Coordinated Development of the Beijing-Tianjin-Hebei Region, the Leading Area for Scientific and Technological Innovation with Global Influence, the Pilot Area for Deepening Urban and Rural Development and Reform, and the New Gateway for International Exchanges in the South of the Capital".
"New Gateway, New Daxing" means that Daxing will be a new highland in the southern part of the capital, as well as a fresh source of power for national development.
In the new era filled with fresh opportunities, a dynamic, digital, environment-friendly and livable city of science and technology with new look is flourishing in the future.
Prosperity is here in Daxing.

产业布局
Industry Layout

INDUSTRY 产业大兴 PATTERN

“大兴之机”是留给谁的？
能够发现它、能够洞见它、能够有预见性的人。

The "Opportunities of Daxing" is left for whom? People who can spot it, who can find it with insight, and who have foresight.

临空经济区：

“国家发展新的动力源”——国际创新资源接驳地

Airport Economic Zone: "New Source of Power for National Development" - a land connecting international innovation resources

规划面积50平方公里，打造以生命健康为引领，枢纽高端服务和航空保障业为基础，新一代信息技术和智能装备作储备的“1+2+2”产业体系
The planning area covers 50 square kilometers, and a "1+2+2" industrial system with life and health as the leading industry, high-end services in the hub and aviation security industry as the foundation, and new-generation information technology and intelligent equipment as reserves will be built

大兴经济开发区：

首都数字产业高端引领区

Daxing Economic Development Zone: High-end Leading Zone of Capital Digital Industry

规划面积4.16平方公里，打造以数字文化、数字健康、数字技术、数字智造为主导产业的“一区四园”千亿级数字经济产业集群目标

The planning area is 4.16 square kilometers, and a "one district and four parks" digital economy industrial cluster of 100 billion yuan will be built with digital culture, digital health, digital technology and digital intelligence as the leading industries.

生物医药产业基地：

中国药谷——国家级医药健康产业专业园区

Biological Medicine Industrial Base: China Medicine Valley - National Professional Park for Medicine and Health Industry

规划面积22.5平方公里，“1+4+2”产业格局，覆盖药品研发检测鉴定、现代中药、创新化药、生物制药、医疗器械、大健康、动物药

The planning area covers 22.5 square kilometers, and a "1+4+2" industrial pattern featuring medicine R&D, testing and identification, modern Chinese medicine, innovative pharmaceuticals, biopharmaceuticals, medical devices, general health, and animal medicines will be formed

国际氢能示范区：

引领全球的氢能产业集聚地、创新地、孵化地

International Hydrogen Energy Demonstration Zone: Global leader in clustering, innovation and incubation of hydrogen energy industries

规划面积2平方公里，打造以科技园区、基础设施、应用场景为载体，产业基金、企业联盟、专项政策等为支撑的“3+N”产业生态体系，聚集氢能示范应用、氢燃料电池汽车

The planning area is 2 square kilometers, and a "3+N" industrial ecosystem supported by industrial funds, enterprise alliances and special policies with science and technology parks, infrastructure and application scenarios as carriers will gather industries of hydrogen energy demonstration and application and hydrogen fuel cell vehicles

中日创新合作示范区：

国家发改委批复的全国首个“创新”为主题的国际合作示范区

China-Japan Innovative Cooperation Demonstration Zone: The first international cooperation demonstration zone with the theme of "innovation" approved by the National Development and Reform Commission

规划面积10平方公里，重点发展医药健康、先进智造、数字经济，打造国际创新协同和产业合作示范

It covers 10 square kilometers, and focuses on the development of medicine and health, advanced and intelligent manufacturing and digital economy. It will be built into a demonstration zone of international innovation coordination and industrial cooperation

商业航天产业基地：

全国商业航天产业特色示范基地，北京高端制造业标杆园区

Commercial Aerospace Industrial Base: Characteristic demonstration base of national commercial aerospace industry, exemplary high-end manufacturing park in Beijing

规划面积2平方公里，承载商业火箭研发、关键零部件、系统集成以及卫星运营及应用服务

The planning area is 2 square kilometers, and carries commercial rocket research and development, key spare parts, system integration, satellite operations and application services
