泰达概况

Basic Facts about TEDA

天津经济技术开发区 (Tianjin Economic - Technological Development Area, 缩写为 TEDA, 音译为“泰达”), 是1984年由国务院批复的中国首批14个国家级开发区之一。
Established in 1984 upon the approval of the State Council, the Tianjin Economic-Technological Development Area (abbreviated as TEDA and transliterated as Taida) is one of China's 14 earliest national-level development zones.

中国经济规模最大、外向型程度最高、综合投资环境最优的国家级开发区之一。
Today it has grown into one of the country's best national-level development zones in terms of economic aggregate, comprehensive investment environment, and globalization level.

拥有一区十园, 总规划面积达403平方公里。
Comprised of 10 sub-zones, TEDA boasts a total area of 403 km².

Grasping the good opportunities that Binhai offers in building her development mechanism, TEDA takes manufacturing industry and a strong talent pool as the cornerstone of industrial synergy. The TEDA government plays a guiding role in bringing in industrial talents, while the market allocates the resources at best. Investors make their own decisions in choosing the talents they need based on contract management. In this way, we can introduce the talents and give them a nice working and living environment to keep them stay in TEDA.
